LUNCH AND LEARN

Lunch & Learn at UMB

Affordable automated solutions: from Extraction to qPCR & Liquid Handling

WHEN

Mon, Nov 16, 2026 · 11:30 AM – 1:30 PM

WHERE

CIBR · BRB 7th Floor Conference Room, 655 W Baltimore St, Baltimore, MD 21201

ON-SITE LIVE DEMO

VaPura 32

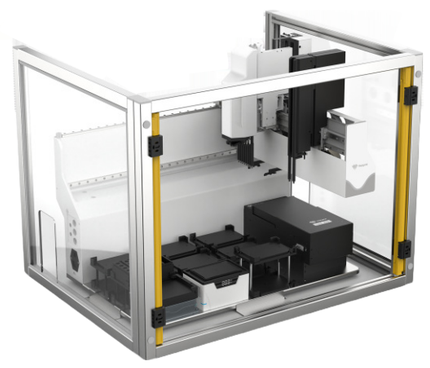

Automatic Nucleic Acids Extractor

NEW qPCR instrument

Delphi Smart Quant System

FMR-5S Real-time qPCR
New compact & powerful

NEW WORKSTATION

PANDA Mini

Liquid Handling Workstation
Automated normalization, pooling & more

Vazyme is a global, cost-effective molecular-biology reagent supplier — now an approved **BIORESCO vendor.**
Our highly praised reagents include the 1s-extension-rate genotyping PCR mix,the 5-minute all-in-one RT super mix, the 1-11 fragment rapid seamless cloning kit, the ATAC-seq / CUT&Tag / CUT&RUN NGS library prep kits, and more.

Come see how our flexible, compact and affordable instruments help your lab protect data quality, save time, boost efficiency and cut costs.

Everyone Welcome — Just drop by!

- Free catered lunch, snacks & drinks
- Hands-on VNP-32P extraction demo
- Interactive Q&A + raffle giveaways
